THE FOUNDATION

Yomzeo's roots trace back to 2001 in Valenciennes, France. We have a rich history of major international co-production successes, including the classic Franklin (Seasons VI & VII, 52 × 13'). We produce high-quality TV animation series within realistic budgets, protecting the dreams and imagination of children worldwide.

Education & B2B

E-learning platforms
and corporate licensing

Yomzeo doesn't just create individual shows — we maximize the intrinsic value of every IP, creating sustainable, continuous market presence across interactive media, merchandising, and B2B platforms.

A World of Turquoise Depths and Ecological Rescue

A France–Korea Co-Production

An amusement park-like world of coastal zones, polar pack ice, and abyssal depths. A world with no humans — only living boats who talk, complain, laugh, and fight to protect nature from oil spills, toxic waste, and pollution.

ROBOAT MODE

Nicolas

Hyperactive, maternal animal specialist. Optimistic but doesn't know when enough's enough.

Nepto

The vital counterpart ensuring team emulation.

LEA

The Robots work best as a team!

The Global Phenomenon

3.5 Seasons × 104 Episodes

Co-produced with Millimages (France)

THE INSIGHT

Leveraging Yomzeo's highly selective eye for character design to identify an emerging IP and architecting a comprehensive strategy to scale a local character into a world-renowned global brand.

THE PROOF

Molang serves as the bedrock proof-of-concept for Yomzeo's IP Licensing and Merchandising capabilities.

The Magic Spell of Comfort

THE PARTNERSHIP

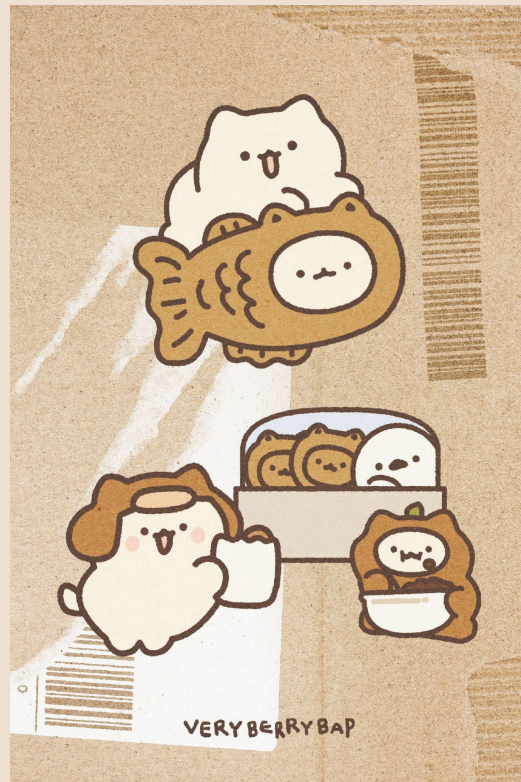

2026 Co-Production with TF1 Studio.

THE KEYWORDS

'Cats' + 'Desserts'. A unique combination of harmless, cute keywords designed to deliver a message of rest and comfort.

THE PROMISE

Characters designed to make you happy just by looking at them, bringing magic into daily life.

THE VBB ECOSYSTEM

Built for B2B Synergy

The minimalist design creates highly adaptable synergy for corporate collaborations.

ORIGINAL IP MEETS PROPRIETARY TECH

01

An original, high-octane IP centered around motorcycles.

02

Anchored by a unique, legally secured Transformation Patent.

03

Pushing the boundaries of what an animation studio can engineer, moving IP out of the screen and into the physical world.

THE 10-YEAR CYCRONES ROADMAP

Reality Escalation Staircase

THE YOMZEO IP PORTFOLIO MATRIX

IP	PARTNER	THEME	UNIQUE HOOK	STATUS
Roboats	France Co-Pro	Eco-Rescue	Boat-to-Robot Transformation	In Production
Veryberrybap	TF1 Studio	Cats & Desserts	B2B Lifestyle Ecosystem	2026 Co-Pro
Cyrones	Original IP	Action/Sci-Fi	Transformation Patent → Physical Drones	In Development
Ondine	French Literature	Fantasy	High-End Online Animation	In Production

A thoroughly diversified pipeline capturing audiences from pre-school to adult, scaling from digital screens to physical engineering.

THE CREATIVE COLLABORATIVE

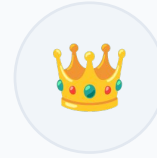

Global Story Development

A diverse, cross-border team of screenwriters from the UK, France, and South Korea. Specializing in immersive world-building and robust narratives.

Technical Animation Excellence

Mastery of 2D (traditional to vector motion graphics) and 3D (full-service modeling, texturing, rigging). Rigorous QA ensuring fluid movement and aesthetic consistency without compromising deadlines.

Licensing & Scale

Establishing comprehensive IP strategies to scale local characters into world-renowned brands.

Let's create something amazing together.
